

# Value Hearing Plan

## What is the **Value Hearing Plan**?

Allows you to buy new prescription hearing aids from select name-brands' earlier models

Three performance levels of products available to meet your unique needs

Products offered at reduced prices

## This plan is **ideal for those who...**

- ✓ Are price or budget conscious
- ✓ Are considering over the counter options but prefer professionally guided fitting and support
- ✓ Seek high-quality instruments that are not necessarily the latest models
- ✓ Are seeking reliable spare hearing aids

## How does the **Value Plan differ** from the Premier Plan?

Hearing aids purchased at Premier Plan pricing are the latest releases from an array of manufacturers. They are the best option for those who prefer cutting edge technology, the most flexible form, companion smart phone apps, and accessories.

These products have the latest computer chips which provide faster and superior sound processing and potentially the best accommodation of hearing loss.
