

Premier Hearing Plan

What is the **Premier Hearing Plan**?

Allows you to buy new prescription hearing aids from all manufactures with the latest features and technology

Three performance levels of products available to meet your unique needs

Products offered at competitive prices (comparable to most insurance plan discounted pricing)

This plan is **ideal for those who...**

- ✓ Prioritize the latest in technological advances
- ✓ Have especially challenging hearing losses
- ✓ Want their hearing aids to interact with other devices
- ✓ Access to best performance, all manufacturers, and full range of styles/colors

How does the **Premier Plan** differ from the **Value Plan**?

Hearing aids purchased at Value Plan pricing are earlier models from a select name-brand manufacturer offered at reduced prices. They are a good option for those who are budget conscious or may be considering over-the-counter options. Those seeking reliable spare hearing aids may choose Value products as well.

The Premier Plan is a better consideration for those who prioritize cutting edge technology and want to invest in their hearing to obtain the best results possible.

BASIC LEVEL PREMIER PRODUCTS

Starting at \$1300 each

Recommended for those with quiet lifestyles

ADVANCED LEVEL PREMIER PRODUCTS

Starting at \$1400 each

Recommended for those with mixed lifestyles

PREMIUM LEVEL PREMIER PRODUCTS

Starting at \$1800 each

Recommended for those with socially active lifestyles

What is **included** with purchase?

- Comprehensive hearing aid fitting, including real ear (objective) measurements to verify your prescription
- 60-day trial; full refund minus up to \$100 per hearing aid
- 3-year manufacturer's warranty
- We include a courtesy 1-year service plan for cleanings and adjustments
